*Includes potential tax savings

The dealership will conduct a mandatory vehicle inspection free of charge to verify the accuracy of the vehicle description and condition information that you provided to us online. This verification inspection may include, for example, paint thickness measurements, a road test, a mechanical inspection, and a review of vehicle history reports and disclosure statements regarding flood, salvage, or odometer discrepancies (including rollbacks), and the like. We may raise or lower the dollar amount of your Express Cash Offer prior to redemption based on the information revealed by the inspection. All decisions by the Dealer regarding the condition of your vehicle will be final. At the conclusion of your vehicle verification inspection, you can redeem your Express Cash Offer. *Must have title at time of offer to receive a check the same day.
